

A Call For
Partnership

THE VISION

Today, holiness inspired life style and spiritual fervency among servants of God have faded, while the pursuits of canal adornment and canal values have taken the place of godly zeal. Rather than follow biblical principles and templates set by Jesus Christ and faithfully observed by the apostles, most ministers now embrace worldly wisdom, strategies and shenanigans thus bringing strange fire to the temple of the Almighty. The result is obvious; a lifestyle that is anything but Christ-like and devoid of power; churches that are filled with everything except the presence of the Almighty; and altars that have been hijacked by false prophets and magicians who use God's name to lead many to hell instead of to repentance.

The Apostolic Ministers Conference is a HOLYGHOST anchored assembly that was birthed in 2015 to address the above issues. Borne out of a vision received by God's Servant, Rev. Gabriel Amedu in 2014, the Conference focuses on bringing ministers together across non-denominational lines so as to:

- * restore divine fire back to God's altars
- * preach true repentance and draw men to God
- * teach the true message of Christ, and
- * address critical issues that affect the body of Christ

The Conference seeks to re-ignite Apostolicism, Charismaticism, Pentecostalism and multiply the anointing of God in men, like Samson's 300 foxes of fire. The Conference provides an atmosphere of fellowship with the Holy Spirit so as to impregnate gospel ministers with new seed vision, a burden for end time harvest and to weaponise gospel soldiers with divine armour as God's armour bearers. It is a conference with a template to strengthen the spiritual life of men of God and reactivate in them the renewed consciousness and conscience for the neglected truth of the Bible.

SET UP

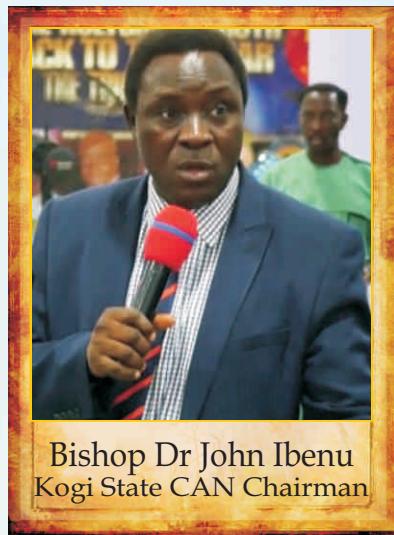

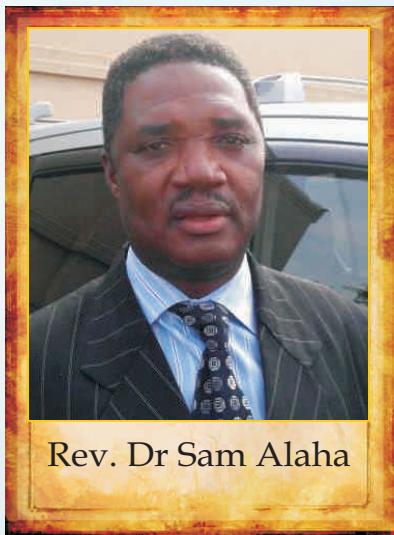

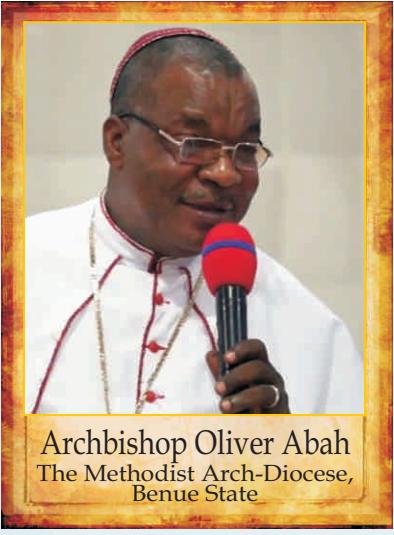

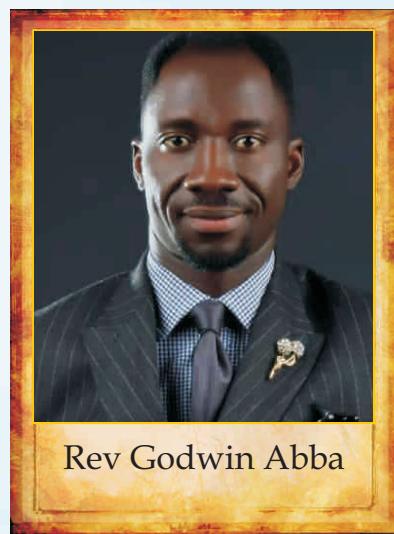

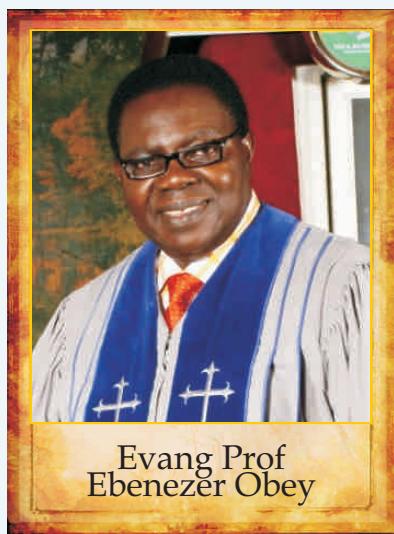

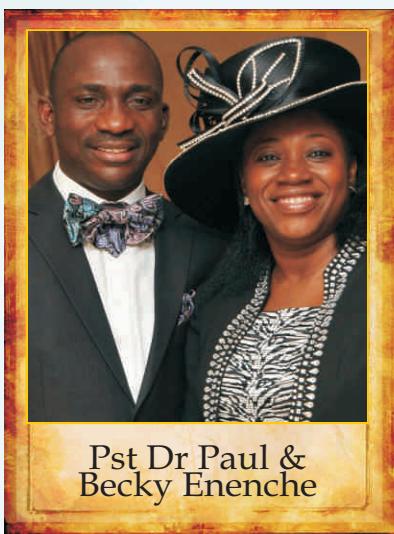

As indicated earlier, the Conference is a non-denominational charismatic assembly. Consequently, this is reflected in its set-up. The following are worthy of note:

- * The Conference is not owned by any denomination
- * The Conference is entrusted to trustees who are brethren drawn from the body of Christ
- * The trustees are responsible for setting policies and guidelines that will ensure that the Conference runs based on the vision
- * An Executive Secretary is responsible for the implementation of policies and guidelines. He is assisted by directors responsible for key functions such as programmes, administration, and finance
- * The Executive Secretary reports to the Board of Trustees

PAST SPEAKERS

The water has been stirred again and again by men with great mantles, with apostolic impartations. The Conference has hosted many outstanding men of God since its inception in 2015. Some of these are:

Attendance have been significant with ministers coming from states such as Benue, Nasarawa, FCT, Enugu, Ebonyi, Taraba, Borno, Lagos, Rivers, Ogun, Ondo, and Edo among others.

Feedbacks received from ministers reveal that the Conferences have been very impactful especially in the following areas:

- * Salvation
- * Renewed revival
- * Restoration
- * reconciliation
- * Drawing attention to mistakes often made by ministers and proffering solutions
- * Healing, and
- * Deliverance

Following the impact on the lives of the ministers, several requests have been made to hold the conference twice annually. Additionally, requests have been made to rotate the conferences to different states.

CALL FOR PARTNERSHIP

The organization of the Conference requires enormous resources. God has faithfully provided these over the years by touching the hearts of brethren who have given sacrificially to ensure that the vision for the Conference is sustained. Our prayer is that the God of all sufficiency will continue to raise partners for His work.

The 2019 Conference will require partners for the following:

Conference Funding

Budget (Naira)	
Secretariat	775,000
Publicity & Mobilisation	1,363,150
Hotel & Feeding	1,742,500
Technical	242,500
Security & Protocol	175,000
Welfare	650,000
Others	51,850
	5,000,000

Medical Outreach

Medical outreaches for Ministers have also been a regular feature of previous conferences. These have really been helpful as most ministers have been found to have neglected their health. Interventions in this area by way of medicines, professional services(Medical Doctors, Nurses, Pharmacists etc) and/or cash will be highly welcome.

Materials

We also welcome donations of materials such as clothes, wrappers, shoes and other wears for ministers toiling in rural and poor communities. We are very willing to pick these materials from donors for onward delivery. We plead, however, that used wears should be in good condition and cleaned.

Books

We will also be glad if you can bless brethren with books such as Bibles, Studies, Bible Dictionaries, and other Christian literatures.

Kindly make all cash donations to Apostolic Ministers Conference, First Bank Plc, Account 2027175365.
